

## Countermine Technologies Gets SEK4M Deal In Croatia (CROATIA)

---

Countermine Technologies AB (COUM-B.SK), a Swedish company specialized in removing military mines, Monday said it has received a SEK4 million contract in Croatia. The unit TerraFirma d.o.o. received the contract from the Croatian Mine Action Center, and it's for removing mines from 305,425 square meters of space. Countermine also said it has applied for a contract in the Middle East for de-mining of 2,780 square kilometers of space.
