KUNDUZ CITY March 6, (PAN) -- Four anti-personnel mines and explosives were seized in the Imam Saheb district of the northern Kunduz province, an intelligence operative revealed on Thursday.

(05.03.2008)
A source in the intelligence department told Pajhwok Afghan News the explosives planted in Gujran area of the district were recovered Wednesday night. He would not give further details.

Sheikh Sadruddin, Imam Saheb district chief, alleged the mines were planted by Taliban insurgents. He added the explosives could have triggered huge losses if they had gone off. The mines were planted on a road frequently patrolled by police.
