Russian sappers to help Kyrgyz colleagues to demine border (Russia, Kyrgyzstan)

Bishkek (Kyrgyzstan) - The Kyrgyz border service intends to invite Russian specialists for mine removal to train and advise Kyrgyz border guards in their sphere of activity, a source at the republican government told Itar-Tass on Monday.

(14.07.2003)

Kyrgyzstan Prime Minister Nikolai Tanayev gave instructions to the republican border service to start preparation for demining of the Kyrgyz-Uzbek borderline.

The question is about some sections of Kyrgyz border that was mined by mistake by Uzbek servicemen during military entrance of rebels of the Uzbekistan's Islamic movement to Kyrgyzstan in 1999.
